

Head Teacher: Trudie De La Haye

Thursday 17<sup>th</sup> February 2022.

Dear Parents and Carers,

All our staff at St John's School are conscious that they are lead learners within our environment. We model this philosophy with our pupils, showing that we are always learning, always taking risks and challenging ourselves in different ways.

That being said, any kind of professional development is difficult to access on a small island such as Jersey. Recently, a promoted position came up in a school, with a different learning environment from St John's School. It was for an experienced teacher with leadership skills and Mrs Fairhead felt she would like to challenge herself and explore her role in a different setting. It is with pride and happiness, tinged with sadness, that we inform you of her success in being appointed to this new role. She will begin this new position in September 2022. As well as being KS2 Lead, Maths and Science Lead, Mrs Fairhead is also our Year 6 class teacher. Her position will be advertised when a new Headteacher has been appointed. Mrs Fairhead has worked at St John's for 19 years. We teamed together in Year 6, when I was Deputy Head and since then, she has continued to grow and develop her skills as a teacher, member of the school leadership team, and Lead Teacher for Maths in Jersey.

Change is always challenging; however, we have a very strong team at St John's School, and I know the school will continue to provide a rich and meaningful learning experience for all our pupils.

A new adventure begins.

With kind regards,  
Mrs De La Haye
