

**THE DATE: SUNDAY 15<sup>TH</sup> NOVEMBER**

**THE TIME: 3.30 P.M**

**THE COST: £5**

**THE 'TECH':** We will be running this quiz using an online platform called Kahoot. This means each household will be able to play along from home, ensuring we are all kept at a safe distance from other class bubbles!

You will need to make sure that your household has access to 2 internet-based devices. These can be smartphones or laptops or iPads or a desktop computer.

You will use one device to join the Zoom call. We will send out the Zoom meeting code nearer the time via the email that you supply on this form. A laptop / computer is best used for this part as the questions will be displayed on here and it's ideal if everyone in your Team can see this.

Then your household Team can join the Kahoot quiz game on another device (eg smartphone). You can either download the Kahoot app but it works fine to just type into the browser: [kahoot.it](https://kahoot.it). You'll be asked for a game PIN which we will tell you just before the quiz begins. You will also be asked for your Team quiz name here. This is where your designated family member will answer the questions during the quiz.

That's all you need ... and of course bring along your best general knowledge family members!
